GROW VEGGIES AND HERBS SUCCESSFULLY!

The Home Organic monkey- and bird-proof, raised bed veggie and herb garden comes in a DIY kit with all the hardware you need to get started with growing vegetables and herbs successfully. Once assembled you simply fill the planting containers with soil, plant your seeds or seedlings, connect your hose to the built-in irrigation system and you're up and away. Home Organic has made growing your own vegetables and herbs easy and fun.
